

Meeting around the “txotx” with talent

About fifteen highly qualified international professionals took part in the socio-cultural event

On the 24th of February this year, taking advantage of the start of the “Txotx” season, about fifteen highly qualified international professionals took part in the socio-cultural event organized by Gipuzkoa Talent. The aim of this meeting was for people who carry out their professional activity in different organizations to get to know each other and enjoy a relaxed atmosphere.

During the event, the participants were able to get to know Astarbe, one of the oldest cider houses in the area, while they discovered the secrets of cider and the new concepts that are being developed based around the product. After the visit the participants could test the knowledge, they had acquired by tasting a traditional cider-house menu. All of them, who come from various countries like France, Mexico, Brazil and from places in Spain such as Albacete and Ávila, carry out their professional activity in organizations like Ikor, Pernod-Ricard and Vicomtech.
